News of the Morning.

The House of Representatives have *refused* to pass the French Spoliation Bill over the President's Veto. Gen. Cass proposes to call Lord Clarendon to an account for his views respecting England's policy on American affairs. The Filibustering expedition of Quitman & Co. seems now to be a false alarm. The Missouri river is open, and the water route to Kansas available. Governor Wright once convicted at Chicago of the murder of his wife, but awaiting a new trial, hung himself in his cell on Sunday night. Our Legislature continues busily at work and will, we hope, finally adjourn about the 13th proximo. The New York Market of yesterday show an improving tendency, as does our Home Market.

TAKING A HOLIDAY.—Our "democratic" Senate adjourned over from Saturday noon to this (Tuesday) morning; the Republican Assembly remaining at its post and at work. The fact seems to have escaped the notice of the Madison *Democrat* and the Milwaukee *Wisconsin*, though both were prompt enough to censure a similar escapade in the Assembly, a short time since.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, Feb. 13

Snow and sleighing are the order of the day here and hereabouts. There has not for many years been so much and so good sleighing in the city and it is enjoyed to the utmost stretch of lungs in shouting and hallooing and making a noise generally, which seems an essential element in the pleasures of a sleigh-ride. It is really fearful to see how the immense vehicles, loaded with from 50 to 60 persons and drawn by from 4 to 10 horses dash about the streets, bump, slide and pitch and yet with rare exceptions, break neither the vehicles themselves, nor the necks, nor limbs of the adventurous passengers. It is really a Carnival and as wildly and thoughtlessly carried as those Saturnalia of Roman Catholic countries. Outside, but hardly out of sight, of the gaiety and merriment, is a terrible different spectacle the work too, the sad work of the freezing snow. The neglected, unwarmed and rickety shanties, where shiver and stare helpless men, women and children. This deep snow, which driven by the fierce blast, penetrates into these hovels, also covers deep the poor resources which many destitute children and even women find in prowling up to the streets and gutters, and scraps of the city, rags, bones, or other cast away refuse, for which some few pence can be obtained from others who convert into some sort of product those scraps and fragments. Ture, the hand of Stoney silence is not stayed, nor weak, nor wearied, but fearful suffering is endured, notwithstanding all such sources of relief, and above all things we look for warmer suns and milder skies.

I don't know whether you or your readers have felt interest enough in the controversy that has been long going on about the management of the *Smithsonian* Institute to follow up its recent manifestation in the resignation of Mr. Choate, because his Co-Regents differed from him and from what he conceived to be the meaning of the act of Congress regulating the Institute. There cannot be a plainer proposition, in my judgment, that that the bequest of *Smithson*, for the "advancement and diffusion of knowledge among men"—not in America and among Americans—but "among men"—for all mankind and for all countries—could not be adequately carried out by the creation of a great Library at Washington where it could only be made available in the use of the few, the very few "among men," who visit that city. Prof. Agassiz has written a letter on this subject, which is going the rounds of the papers and which, if the matter have interest enough for your readers, you will not fail to publish—as stating most conclusively the objections to the established mode of such a Library, and as bearing the testimony of, perhaps, the most competent judge in the U. S. to the excellence of the management heretofore of the Smithsonian Institute. I trust that Professor HENRY, who is really the organ and head of that Institution, will be encouraged to go on, as he has done heretofore, and that the purposes of the liberal legatee—an Englishman by the accident of birth, but a Cosmopolitan and essentially a MAN, in heart and aims—will not be thwarted by any petty jealousies nor petty interferences.

We are all a-loss here as to the probable issue of the Peace negotiations in Europe. The break-up of the British Cabinet by the unmanly withdrawal, under the circumstances, of Lord John Russell, does not appear likely to add any strength to the cause of peace—for it is a confession of weakness and discord in the camp of the enemy which the Imperial Russian will know how to appreciate—and as the meeting of the Commissioners at Vienna, to treat for peace, was postponed until the middle of this month, and as before that time the English army, or what is left of it will, it seems probable, have melted away before Sebastopol, without any attempt upon its walls—I cannot myself perceive any urgent motive for Nicholas to hurry Peace. Meanwhile it is reported to have said, "Our troops can be still—for Generals January, February and March will effectively fight our battles." This is likely to be most fatally true, as regards the invading force, decimated, undrilled Campaigners, who constitute the English force. The French, manage much better—but the French alone must be powerless, when their English allies are put *hors de combat*. It seems to presage the triumph of Russia.

Relief of the Poor.

A final meeting of the several Committees, who had charge of the Festival for the relief of the Poor, was held yesterday morning, at the office of H. W. Gunnison. The Committees organized for business by appointing G. P. HEWITT, Esq., as Chairman, and H. W. GUNNISON, Sec'y. Upon looking up the returns from the several Collecting Committees, as well as the receipts at the Hall, Friday night, it was found that the aggregate receipts, in money and in orders, amounted to between five and six fifteen hundred dollars. After some discussion, it was decided to apportion that fund among the several Wards as follows: First Ward, $300; Second, $400; Third $400; Fourth $200, and Fifth, $200. It was also resolved that the Collecting Committee, heretofore appointed, should be the Relief Committee for their respective Wards. The Chairman and Secretary of the meeting were authorized to pay all bills incurred for the Festival, and to apportion the Funds among the several Wards. The Committee then adjourned, *sine die*.

Judicial Election.

The term of Judge CRAWFORD of our Supreme Court expires in June next and the election to fill the vacancy takes place on Town Meeting day, the first Tuesday in April. It is understood that Judge CRAWFORD is a candidate for re-election, and there is a growing impression that other names will be presented for the popular suffrage. We have heard Messrs. KNOWLTON and CRAM in the West, and Messrs. H. M. STRONG and DAVID TAYLOR, in the Eastern portion of the State spoken of as probable candidates. But whether all, or any of these gentlemen will consent to run, we are not advised. Judge HOWE, who had been very generally talked of as a suitable candidate for this high position, peremptorily declines. As the election is but six weeks off it is quite time that the attention of the People were directed to this matter.

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

MADISON, Feb. 17 '55.

A gentle reminder to members was found in the boxes this morning, representing that the Rock River Canal Co. would like to have a commission established to settle its claim upon the state.

In Senate, petitions were presented.

By Mr. Gibson, for a state road.

By Mr. Wakely, for divison of Adams Co.

By Mr. Taylor, a communication from the Editor of *Neurbode*, declining to print the Reports, &c.

Mr. Dewey, a joint resolution instructing the enrolling Committee to make a verbal amendment in the M. & M. R. R. bill. Adopted.

Mr. Dunn, a joint resolution, directing the distribution of the Documentary History.

The list of bills introduced and passed is already sent.

Senate went into Committee of the Whole, and on rising, adj.

In Assembly; Petitions,—

The only one was presented by Mr. Blanchard from sundry people of Mequon, who, believing that churches are civil institutions—nuisances, which ought to be abated—ask that their exemption from taxation be repealed. The Committee on State affairs reported, two or three weeks ago, against the prayer of a batch of such petitions; and the report met with general concurrence.

Two bills only were introduced;

By Mr. Davis, concerning a dam on Baraboo river.

By Mr. Merrell, amending the charter of Manitowoc and Calumet R. R. Co.

A resolution was adopted, authorizing the Clerk to draw $500 of his salary.

Among the Reports, Mr. Gary, from the Committee on Banks and Banking, reported on sundry portions of the Governor's message, and on various petitions and bills referred. The report is an able one, so far as one could judge by hearing it read amidst some confusion. It will be printed, and I will send a copy.

The Committee reported a bill providing certain amendments to the General Banking Law, which they propose to have submitted to the people at the fall election. The bill repeals the sections authorizing railroad funds as securities for issues, a proposition which can have little effect, I suppose, one way or another, since those sections are so stringent that no such securities are, or are likely to be, used. It further increases the minimum capital of Banks to $50,000, and also raises the Comptroller to demand additional securities when he deems it necessary—increases bank interest agree with usual legal interest—and authorizes the Comptroller to call upon any Bank for a report on the first Monday of every month, the number of such reports being confined to four in each year, &c.

Mr. Chase, from committee on contingent expenses, reported on the expenditures of the Governor, that the items were within the discretion allowed him. Mr. H. Gran, stated that he should make a minority report.

The list of bills passed has already been sent, except that the names for whom the appropriations were made were not given. I supply them here:

A Kellogg $28,60; A Wheeler & Co., $1050,51; Wm Slightam $61.60; D Clark, $67,55; Wm Pyncheon, $69,50; D S Dunlip $61,50. total $1357,96—all from last year.

The Joint Resolution from the Senate in relation to the Milwaukee and Mississippi Railroad bill was concurred in.

In committee of the whole, Mr. Colley in the chair, all the bills not eliciting debate were disposed of, leaving a few of an important character.

After coming out of committee, the bills were disposed of, most of them being ordered engrossed; some referred, and one—a bill authorising Illinois attorneys to practise in this state,—was decapitated.

Just before the adjournment, the Speaker presented a communication which excited much attention.

It is a memorial from Mr. J. H. Covell, of the town of Oregon, in Dane County, setting forth the following state of facts, That he some months since called at the office of the new School Land Bureau, of which W. H. Besley is the chief clerk, and enquirey as to certain lands which had been forfeited, and which he desired to purchase; he was informed that it would be necessary to look up the papers of the person who entered the land; he found that this person had left the country, and he again called at the office and made his application; that Mr. Byrne, a clerk in the office, told him that *he* had applied for the land, but he would see about the matter. After talking with the other officers, Mr. Covell was told that he could have the land. The clerks turned to the page, where no other name had been entered opposite the tract, and Mr. Covell paid the interest, and offered to pay the principal, but they declined receiving it. Some 10 days after, he called to get his certificate, but it was not ready. Again calling, he was told by Mr. Byrne that *he* had made a prior application, and Mr. Besly being applied to, assented to this, asserting Byrne's prior right. So that after this loss of time and money for a poor man, his land was wrested from him, and given to one of the clerks in the Land Bureau. The memorialist states that he has been told that by paying the clerk $500, he can have the land. He asks investigation and relief.

The memorial was referred to a select committee.

You will remember that I mentioned another case of the kind some weeks ago, where a claimant *died* pay $135,00 in order to get his land in possession. The law is very emphatic against allowing the Commissioner of school lands to purchase their lands, either in their own names, or the names of others, but it seems to be a common practice for them to allow the clerks to purchase them, which is equally contrary to the law, in spirit. Slowly, but surely, we are getting at the true condition of things.

The Cars are running on their time again.

W. H. W.

Abstract of Monday Morning's Proceedings.

Senate not in session this morning.

In Assembly, Messrs Hull, Welch and Bird are the select committee on bill concerning taxing railroads.

Bills &c., passed:

Amending sec 7 of Home Ins Co.
Memorial for mail route.
Charter of Columbus Collegiate Institute.
" " Central Bridge Co.
Two for state roads.
Organizing town of Ashford.
Five appropriation bills.
Legalizing acts of School district in Richland.

In committee of the whole, the debates on several bills were interesting. After rising, six bills were ordered engrossed, two killed, three referred and three tabled.

Adjourned.

☞ Mr. John H. Brownson, son of Dr. Orestes A. Brownson, has taken an office in Milwaukee, for the practice of law. We wish him success and would cordially recommend him to our friends in Milwaukee.—[Boston Paper.

Mr. Brownson has taken up his abode in our city, and may be found, by those who desire to consult him professionally, in Ludington's block, 3d floor, in the rooms formerly occupied by Randall and Griswold, adjoining the *Sentinel* Counting Room.

The policy of our government is now arrayed decidedly against the filibusters. We apprehend that this was known in Cuba, but as the officials are rather a leather-headed class, they is not understand the full importance of the re-call of SOULE, who is a noted filibuster.—[Wisconsin.

The Cuban officials may be excused for not understanding "the full importance of the re-call of SOULE," inasmuch as that belle-ess plenipotentiary *resigned*, and was not recalled. As for his "filibusterism." It was just as not views when he was first appointed as it is now.

American Transportation Company.

We copied, a few days since, from the Buffalo *Democracy*, a brief account of this Association, recently incorporated under the laws of New York. It embraces eight of the principal Lines, which have heretofore done business on the Lakes and the New York Canals; has a capital of $900,000 and owns and will employ 20 Propellers and 370 Canal Boats. A main object of the Association is to diminish expenses and thus be enabled to transport goods, merchandize and produce at cheaper rates than heretofore. We learn that it is the intention of the Directors to establish a distinct Line of Propellers, to run between Buffalo and Milwaukee, making this the *terminus* of their route. Such an arrangement will be a very great advantage to our Merchants, and Forwarders and has long been desired by them. We shall have more to say of this Transportation Company, as soon as they have completed their arrangements for the season.

OUR EXTRAORDINARY ENVOY TO SPAIN.—The Madison *Democrat*, organ of "Barstow and the Baboon," has the following notice of Augustus Cæsar's appointment. It is quite as eulogistic and doubtless just as sincere, as the article we copied yesterday from the *News*, a twin-exponent of "National Democracy":

The news of the appointment of Brigadier General Augustus Cæsar Julius Hannibal Dodge, of Iowa, to the post of Minister to Spain is confirmed. No more appropriate appointment could be made. Mr Dodge is an accomplished Spanish, Arabic, Greek and Hebrew scholar; his talents for diplomacy are second only to those of Talleyrand: he is an orator of unsurpassed ability, has the elegance of manner, the persuasive power and the clear and complete knowledge on all subjects to make him an honorable representative of this Great Nation abroad—over the left. It is also the reputation of a flattering compliment to the North-West, and a no less striking instance than the appointment of the Hon. Philo White, of Racine, to an important post among the highest peak of the Andes, that talent is appreciated by Frank Pierce. We shall have reason to expect the speedy annexation of Cuba, Porto Rico, St. Thomas, Valencia, La Mancha, Sancho Panza, Espartero, Queen Isabella, Don Carlos, "and the balance."

MEETING AT FOND DU LAC.—A Mass meeting on the subject of the recent Rescue trials in this city, was held at Fond du Lac, on Friday last. The attendance was very large; the spirit of the meeting intense, and the resolutions adopted strong and emphatic. Addresses were delivered by S. M. BOOTH and J. Mc. M. SHAFTER, the Fugitive Slave Act was repudiated, the decision of our State Supreme Court endorsed and the action of our Legislature, in electing CHARLES DUNBER to the U. S. Senate, warmly approved.

☞ The *News* continues to be exercised in mind, on the subject of AUGUSTUS CÆSAR'S extraordinary appointment as Minister to Spain, and the comments of the press thereupon. It rates the N. Y. *Tribune*, Chicago *Journal*, *Sentinel*, *Wisconsin*, &c., &c., roundly, for presuming to think ill, or speak lightly of this Presidential selection, and concludes by assuming the public that the appointment is a much better one than would have been made "in case such a *political ignoramus* as Gen. SCOTT had been elected President." The public, we think, will agree, without further argument, that as compared with such eminent civilians and experienced diplomatists as CÆSAR AUGUSTUS DODGE and the editor of the *News*, General SCOTT is and "*ignoramus*."

GENERAL INSPECTOR FOR THE LAKES.—At the Convention of Underwriters in Buffalo last week, Capt. W. P. DURBIN was appointed General Inspector for the Western Lakes, to be located at Buffalo. The selection is a good one; Capt DURBIN having had some 20 years practical experience of Lake Navigation.

RAILROAD EARNINGS.—The earnings of the Michigan Central Railroad for December and January compare as follows:

	December.	January.
Passengers,	$68 763 10	$55 582 30
Freight,	63,.38 93	69 275 48
Mails, &c.,	4 029 71	6,612 95
Total,	$135,926 83	$132,464 83
Previous year,	83,94 29	69 202 96
Increase,	$55 232 54	$61,966,88

MONEY FROM CANADA.—This winter more than ever before, has Chicago been benefitted by trade with Canada. This is owing to the completion of the Great Western Railroad from Detroit eastward through Canada. Numbers of Canadians have been in our city this winter, advancing large sums of money for pork, wheat, &c. The wheat thus purchased has been mostly put into store for whipment to Montreal in the spring.—Great quantities of wheat have also been purchased by those buyers at Milwaukee.—[Chicago Dem. Press.

Large amounts of Pork and Flour have also been purchased here by the Canadian buyers.—They say that Milwaukee Mess Pork is the best and commands the highest price, of any offered in the Montreal Market. Cincinnati and eastern dealers, who have noticed the quality of the Pork packed here, this winter, have expressed a like opinion of its marketable value.

WEATHER AND CROPS IN FRANCE—FIRES IN PARIS.—The Paris correspondent of the London Illustrated *News*, writing under date of Jan. 26th, says that the cold for the previous fortnight had been more severe and snow more abundant, than for any previous winter in his recollection. He adds that the winter wheat looks finely and the promise for a great yield is excellent. The vines too, have been greatly benefited by the frost. The unusual severity of the weather has made fires very frequent in Paris; no less than *twenty four* having occurred on one day in January, mostly in consequence of defective chimnies, or from over-heated stove-pipes.

☞ Mr. J. A. BREWSTER has retired from the editorial management of the Beloit *Journal*, with which paper he has been connected for nearly a year past. Mr. C. G. FOSTER will continue the publication of the *Journal*, the withdrawal of Mr. BREWSTER occasioning no change in its political course, or opinions.

Amendments to the Banking Law.

Mr Gary of Oshkosh, chairman of the committee on banks and banking, reported a bill in the Assembly, yesterday, amendatory of the banking law. The following is a synopsis of its provisions:

§ 1. Repeals sections six, seven, eight, nine, ten and eleven of the General Banking Law—all the portion relating to receiving Rail Road bonds in lieu of public stocks as a basis for banking.

§ 2. Provides that the Bank Comptroller may demand additional of new sureties to the bonds given by bank directors or stock holders, on the formation of a banking association, as provided for in section 17 of the banking law, should he deem it proper.

§ 3. Requires the Comptroller to call for additional securities, whenever any portion of them deposited with him shall be depreciated below their value, when deposited, for thirty days.

§ 4. Provides that no bank shall hereafter be incorporated with an aggregate capital stock of less than $50,000, nor withdraw securities deposited so as to leave less than that amount with the Comptroller, unless they deposite an equal amount of specie.

§ 5 and 6. Authorize the Comptroller, in addition to the semi-annual statement, to require a like statement from every bank on the 1st Monday of any other month besides these provided in the banking law. No bank, however, is required to make such report more than four times in one year—the Comptroller to provide a form for such reports.

§ 7. Provides that banks may receive the same rate of interests on loans as individuals.

The bill further provides for submitting the amendments to a vote of the people at the next general election.—[Madison Journal.

☞ No portion of this bright world was ever favored with more delightful winter weather than we are enjoying at this present time. A quiet fall of snow, on Monday and Tuesday increased the depth to about one and a half ft., and now earth's bright mantle is glittering in clear sun-light, with the elements as quiet as a kitten in a warm corner.—[Badger State (Portage.)

REAL ESTATE SALE.—A valuable property on the corner of Turtle and Broad Sts., has recently changed hands. It consists of 90 ft. on Turtle St., and 165 ft., on Broad St., and has been sold by A. J. Battin, Esq., to Fisher, Kemp & Co., for $9000 full paid stock in the Racine Railroad.—It is the intention of the purchasers to make extensive and valuable improvements upon this property the coming season.—[Beloit Journal.

The Testimony of the North.

One of the circumstances which give character and significance to the re-election of Mr. Seward as a member of the United States Senate is that in the whole course of the animated debate which preceded his election by the New York Legislature, his anti-slavery opinions were not made a ground of objection. Men of all varieties of political opinion took part in the debate—Silver-Grey whigs, the most zealous of Mr. Seward's enemies, and democrats, Hard and Soft yet no man opened his mouth to hint that on account of anything that he had done or said in regard to slavery, or on account of any views he was supposed to entertain on that subject, he could not truly represent the public opinion of the State. No man rose to call him an abolitionist. If that name, once a word of opprobrium, could have had any effect, either on the members of the legislature or on the people who are expected to read the debates, it would have been uttered again and again. So far as the slavery question is concerned, it was tacitly admitted that he had done his duty and fairly represented his constituents.

Another circumstance is worthy of notice.—Mr. Seward has done nothing which could look like a retreat from the position he has taken on the slavery question, has said nothing to apologize for any extreme opinion, or explain it away. We do not impute this to his political courage, as some of his friends seem disposed to do. It required no courage to keep his ground. He is a shrewd observer of the indications of public feeling and he knew very well that it was not necessary to affect any moderation, or hold out any expectation that his course on the slavery question ereafter would please the friends of that institution better than it has hitherto done. We do not undertake to say that he would have made any attempt to conciliate public opinion, even if it had been disposed to acquiesce in the repeal of the Missouri Compromise; but we affirm that it would have been the greatest blunder that a politician could have made, if he had said anything that could look like a concession to slavery, and would infallibly have lost him his election. The truth is that Mr Seward owes the greater part of the popularity which he now enjoys in the northern states to his course on this question.

The re-election of Mr. Seward is one of a series of similar expressions of the feeling of the North. Mr. Durkee is just elected as United States Senator from Wisconsin—a most remarkable selection, which could not have been made if the popular disgust at the passing of the Kansas and Nebraska act had not been intense. Mr Durkee is a man of decided opinions on all questions connected with slavery, no timeserver, and never suspected of any disposition to give way, when the occasion required him to keep his ground. The repeal of the Missouri Compromise has moved the people of Wisconsin deeply, and brought them to look on the slavery question and the slave power in the same light in which it has been long looked by Mr. Durkee and to show that they completely agree with him, they send him to represent them in the United States Senate.

Massachusetts, in place of Mr. Everett, a friend of the fugitive slave law, sends to the United States Senate General Wilson, its uncompromising enemy, who recently declared publicly his implacable, undying hatred to slavery. The exchange implies a complete revolution of opinion in Massachusetts—a revolution owing every body knows, to the repeal of the Missouri Compromise.

Iowa, misrepresented in the Senate by Gen. Augustus Dodge, who voted for the Nebraska bill regarding the will of the people, has shown her disapprobation of his course by sending to Washington, Mr. Harlan, a decided Free-soiler.

In Mr. Pierce's own state, New Hampshire, the indications are very gloomy for those who planned and helped forward the Nebraska fraud.—When the governor of the state, a Democrat, was called upon, not long since, to fill a vacancy in the United States Senate, instead of giving the commission to one who would sustain the act of the administration, he conferred it on Mr. Wells, from whom the friends of Pierce had vainly endeavored to extract an expression of even partial acquiescence in the measure. The appointment of Mr. Wells was a concession to public opinion of New Hampshire. The governor might have appointed a thorough-pace Nebraska man, but the people would not have borne it.

Hitherto not a single political movement has been made in the northern states since the passage of the Nebraska act which does not a lmonish its authors and friends of the fate that awaits them. There is not a single sign of the times from which they can infer that there is no hope of escaping it. Every successive election shows that the repeal of the Missouri Compromise gave lasting offence to the people of the North. There was no man concerned in it who has not lost their confidence forever. These elections which we chronicle from day to day are so many political executions, consigning them one after another to political death.—[New York Evening Post.

SCENE IN THE SENATE.—On the 6th inst., Mr. Taylor, of the Senate, made a report, alleging that Gov. Barstow had drawn, contrary to law $600 from the State Treasury. It seems that by an act of 1854, the office of Governor's Private Secretary was created at a salary of $1,00, and the amount formerly paid to this officer, was withheld. It was stated, however, that the Governor drew out the $600, together with his own salary, $1 250, the transaction being entered up in the ledger, "W. A Barstow, salary, &c.

Some considerable teaching seems to have been created on the reception of this report, and various personalities indulged in. It resulted however, in ordering that the report be printed Senators Bowen, Gill, Loy and Wakely rotting with the Republicans for that purpose.

Well, Messrs Bowen, Loy, and the others named, have at least let off on a sensible course. The State is sick of the braggadocia put on by some of the Democrats in Madison in the face of these charges of corruption. It is no way to meet them. Whether they are made in good faith, or for electioneering and annoying purposes, is out of the question. Friendship, there, should receive short, in a dignified way, vote for thorough investigation and throw open the records without unnecessary noise and talk. Swaggering defiance goes but a little way toward impressing people with the morality and honesty of those who use it.—Green Bay Advocate, (dem.)

W. H. SEWARD RE-ELECTED.—Seward has been re-elected by the Legislature of New York, by a majority of 10 in the Assembly; and 4 in the Senate.

We congratulate the people of the Empire State, and Nation, that W. H. SEWARD is re-elected to the U. S. Senate for six years from the 4th of March next.

Mr. Seward has a reputation, world wide, as a statesman—he is not surpassed, if equaled in the country. He has reached the topmost round in the "Ladder of fame," but we suspect that the people have another place preparing for him—and place to be claimed, in the year of our Lord, one thousand eight hundred and fifty-six.—[Baraboo Republic.

THE HABEAS CORPUS CASE.—Very few subjects have ever been brought before the people of the State of Wisconsin, which have so fully aroused their feelings and enlisted their sympathies as the recent law proceedings, which have been consequent upon the rescue of Joshua Glover, at Milwaukee, last summer. The enacting of the Fugitive Slave Law, as it is termed, contrasting, as the whole North contend and believe, provisions repugnant to every feeling of humanity and which are a stigma upon the nation, and an especial insult to each and every free State in the Union, very naturally and properly excite their indignation.

There is no doubt but a vast majority of the people of the State are eminently well satisfied with the recent decision of their Supreme Court, setting at liberty Messrs Booth and Ryan, and thinking with the Judges of that Court, that those persons were deprived of their liberty without authority of law, and therefore, that it was the province and the duty of the Court to interpose, when called upon to act, and protect the citizens of the State from such illegal restraint.—[Jefferson Co., Jeffersonian.

ARRIVAL EXTRAORDINARY—PERSEVERANCE REWARDED.—The sloop Lady Ann, of Racine, was brought into the harbor safely yesterday by Captain Lawrence Esmon and a sailor named Horace Van Doozen. They boarded her on the other side of the lake ten days ago, since which time they have been drifting about the lake with the ice, generally out of sight of land. The Captain is half owner of the vessel. She is worth about $800, and the cargo she bring is worth about $400. Few men, would have ventured to save a vessel in this way, at this inclement season, and the Captain and his companion are not sorry to find themselves safe in port.—[Chicago Dem. Press, Feb. 16.

SEWARD'S RE-ELECTION.—We recorded last week the fact that WM. H. SEWARD had been re-elected to the U. S. Senate by the Legislature of New York, but the importance of this event seems to demand more than a passing notice.—We have felt no little apprehension that the know Nothings had destined him as a victim to their relentless power, and it rejoices us to know that, if such has been their design, it has so signally failed. SEWARD is not only the confirmed and steadfast champion and defender of the northern sentiment of freedom, but is, take him all in all, the ablest man we have in public life. His return to the Senate is a real benefaction to the whole north. Would that he could be placed in the presidential chair.—[Beloit Journal.

AFRICAN DISCIPLINE.—The extreme abolition press of the *Sentinel* stamp are denouncing the *Beloit Journal* for speaking its views independently of the Rescue trials in this city.—Wisconsin.

Mr. TOOTS is again mistaken. The *Sentinel*, so far from "denouncing," has not even referred to the views of the Beloit *Journal* in the matter of the Rescue trials.

CITY MATTERS.

City Election Notice.

The Clerk of the Common Council, under the direction of that body, has issued the usual notice that the Annual Election for City Officers will take place on Tuesday, March 6th, (*two* weeks from to-day,) and that the polls will be held at the following places.

First Ward—at Best's Lager Beer Hall on Market street.

Second Ward—at the Mansion House.

Third Ward—Bryan Coughlin's, corner of Detroit and Jefferson streets.

Fourth Ward—Engine House of No. 5.

Fifth Ward—Lake House.

The following are the officers to be elected:

A Mayor, Comptroller, Treasurer, Police Justice, Marshal and Attorney, for the city, and one Alderman for 2 years, one Alderman for 1 year, one Assessor, one Constable, and one Railroad Commissioner for each of the Wards.

Police Court—Feb. 19.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE.

The most of the forenoon was occupied in the trial of an assault and battery case, in which a man named Edward Kavanaugh was charged with beating a man named John Burke on the 14th of February. The complainant had been badly beaten, and his face much disfigured. The evidence of the complainant was contradicted in all its material parts and the finding was not guilty; the court remarking that had both the parties been under trial on a charge of a breach of the peace, he should upon the evidence before him have been found them guilty.

An action on the defendant was discharged another warrant was served upon him for an assault and battery; charged to have been committed upon Dennis Nicols, on the 20th of August, last year. No appearance for the prosecution, so the defendant was discharged.

In the first case the question was put to one of the defendants witnesses. 'Were you drunk? *Wit.*—No Sir. *Counsel.*—Had you been drinking? *Wit.*—Well, I had four or five glasses of beer taken. *Counsel.*—Well you were not sober then, were you? *Wit.*—Shure I was sober I thought I was sober, and if I'd had thirty of them taken, I'd think myself sober." After this statement madeu nder oath, we hope nobody will think beer is *intoxicating*.

MASQUERADE BALL.—This entertainment comes off to-night, at Young's Hall. The attendance is likely to be very large, and much amusement is anticipated from the different Masques in preparation. The Music, Supper, and general arrangements will be of the best. See advertisement in our columns.

NEW PUBLICATIONS.

MEMOIRS OF NAPOLEON.—4 vols. Redfield, 110 & 112 Nassau st. N. Y. This is a new edition, of convenient size and shape, of a well-known and popular work—the Memoirs, by Count Las Cases, of the life, exile and conversations of the most extraordinary man the world has ever seen. It is especially interesting as a minute and faithful record, by a devoted companion in exile and fellow-soldier, of the last 18 months of the great Emperor's life. Various portraits, maps and illustrations accompany and, in some instances, disfigure the text. For sale by ARCHIBALD WILSON, East Water Street.

WOLFERT'S ROOST.—This is a collection of graceful and readable stories, by WASHINGTON IRVING, published, from time to time, in various periodicals and now first gathered together and given to the reading public in book form. For sale at WILSON'S.

FIRST THOUGHTS.—A neat little volume, of 100 pages or so, intended as the first lesson in thinking. It is the production of a Literary Association in New York, and embodies and illustrates a good idea. For sale as above.

FINE WEATHER.—The past few days have been fine samples of our Wisconsin Winter weather. The sun, for several hours, before and after noon, is warm enough to melt the snow and ice quite rapidly, but as evening approaches Jack Frost takes hold again, and repairs damages, though not without considerable loss of material. The body of snow on the ground is very large, but wastes slowly, day by day, in the bright, warm sunshine. The sleighing is still good, however, in all directions, and seems likely to last till March.

THE HABEAS CORPUS CASE.—In the matter of John Hahn's application for a writ of *Habeas Corpus*; the writ had been issued by Judge Junkins directed to deputy U. S. Marshal Charles C. Cotton and to S. S. Conover Sheriff, but no return had been made yesterday.

CONTRARY TO THE GAME LAWS.—There arrived by the Saturday freight train, on the Mil. & Miss. R. R, a barrel and bag of Quails. This is contrary to the Game Laws, and should not be allowed. The recipient of this game is liable to a heavy fine, for having it in his possession. But whether sizeable or not, pride in keeping some game in our State, should prevent men from buying, selling, or in any way countenancing the killing of game out of season; if the game is not protested it will soon be extinct.

GOOD PRICE FOR PORK.—Mr. GALLUP, of Columbia County, brought in, Saturday, about five tons of choice, heavy hogs, which he sold yesterday to Mr. Roddis for $4 50 per hundred. This is the highest price that has been paid for Pork in our market this winter, but it was for a very superior article.

Relief of the Poor.

The Committees of the different Wards having in charge the distribution of the money and goods collected for the relief of the Poor of this city, met on Monday, 10 A. M., at the office of H. W. Gunnison, to fix upon some plan for such distribution among the different Wards, Mr. G. P. Hewitt in the chair. The Secretary made the following returns of receipts in money, orders and subscriptions payable in goods, so far as they had been made to him:

Cash,	$1056 64
Orders and subscriptions payable in goods,	309,76
Total,	$1,366,40

Full returns will probably increase the amount to over $1,400.

On motion of Mr. Page it was

Resolved, That the proceeds be apportioned to the different Wards and placed at the disposal of the Ward Committees respectively.

On motion of Gen. King, it was

Resolved, That the proceeds be distributed in the following proportions to the different Wards, viz, to the 1st Ward $300; to the 2d Ward $400; to the 3d Ward $400 to the 4th Ward $200; to the 5th Ward $200.

Received that the Chairman and Secretary of this meeting be authorised after paying all necessary expenses to divide the amount raised in the proportion set forth in the preceeding resolution and pay over the same to the Chairmen of the different Ward Committees.

List of Committees, to whom application should be made for relief.

In this city, Saturday evening, 17th inst, of Consumption Mr. ROY SHERMAN, aged 43 years, formerly from Chester, Vermont.

COMMERCIAL.

REVIEW OF THE MARKETS,

FOR THE WEEK ENDING FEBRUARY 20th.

OFFICE OF THE DAILY SENTINEL, }
MILWAUKEE, February 19, 1855. }

RECEIPTS BY M. & M. RAILROAD, FEB. 19th.—3120 bus wheat, 320 do barley, 165 do rye, 264 bbls flour, 3 do pork, 19 bales rags, 85 hogs.

BY M. & W. RAILROAD.—764 bus wheat, 308 do barley, 195 bbls flour.

RECEIVED BY R. R. FROM THE WEST.—14,953 bus wheat, 1729 do barley, 270 do rye, 130 do oats, 1913 bbls flour, 54 do pork, 45 do highwines, 584 hogs.

The snow-storm of Sunday week materially obstructed the Rail Roads, as well as the country roads throughout the State and receipts, in consequence, for some days past, have been comparatively light. The demand, meantime, has improved and prices have somewhat advanced since our last weekly issue. Yesterday the Market was brisk and prices very firm, with an upward tendency in wheat, barley and corn. We note below the leading features of the market and prominent transactions.

The weather, thus far, has been favorable to the Winter Grain and we hear good reports from our own as well as adjoining States. In Ohio, the Farmers say that the crop sowed has fall looks well and that the prospect of a heavy crop is a flattering one. Like assurances are given in the Illinois and Michigan papers.

Money Matters are slowly but steadily improving and with the resumption of Navigation in the Spring, the belief is general that Business will assume a very favorable aspect. Our City and State are both in excellent condition, and a large Eastern, as well as European immigration into Wisconsin is confidently looked for the coming season.

Our Lumber Dealers have made good all of the last six weeks of sleighing and it is believed that the yield from the "Wisconsin Pineries" will be very largely increased, this year, over any previous season.

Flour—Not over 1000 bbls flour were manufactured at the Mills during the past week, and the amount received by Rail Road was about 1000 bbls. Large sales, amounting to some 6500 bbls, have been made, since Tuesday last at $6,50 for Superfine No. 1 and $6,75 extra. No change in retail rates.

Wheat—The market for Wheat was gradually strengthened during the week, and yesterday Club Spring sold at 1,25@1,26; red Winter at 1 35@1,38 and white do 1,36@1,40. The single bbl. We note sales of 500 bbls now more at 1,35, and 400 do at 1,36 to a Buffalo dealer.

The quantity of Pork bought during the winter, in Milwaukee and Chicago, for Canadian account, is estimated as high as 30,000 bbls, including Mess Pork, Hams, Lard, &c.

The quantity packed here this season will, it is thought, exceed by from 40 to 50 per cent the amount packed in any previous year.

Beef—Good fat cattle were keen in demand, for a fortnight past, at better rates. For average Cattle 3,50@3,75 per hundred but best paid, on the hoof, and 4,00@4,50 for prime and choice.

VOLUME XI. MILWAUKEE DAILY SENTINEL. NEW SERIES.

THE DAILY SENTINEL.

Rufus King, Wm. H. Watson & John S. Fillmore, PROPRIETORS, SUCCESSORS TO RUFUS KING & CO.

Tuesday Morning, Feb. 20.

News of the Morning.

The House of Representatives have *refused* to pass the French Spoliation Bill over the President's Veto. Gen. Cass proposes to call Lord Clarendon to an account for his views respecting England's policy on American affairs. The Filibustering expedition of Quitman & Co. seems now to be a false alarm. The Missouri river is open, and the water route to Kansas available. Governor W. Gleen once convicted at Chicago of the murder of his wife, but awaiting a new trial, hung himself in his cell on Sunday night. Our Legislature continues busily at work and will, we hope, finally adjourn about the 13th proximo. The New York Market of yesterday show an improving tendency, as does our Home Market.

TAKING A HOLIDAY.—Our "democratic" Senate adjourned over from Saturday noon to this (Tuesday) morning, the Republican Assembly remaining at its post and at work. The fact seems to have escaped the notice of the Madison *Democrat* and the Milwaukee *Wisconsin*, though both were prompt enough to censure a similar escapade in the Assembly, a short time since.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, Feb. 13.

Snow and sleighing are the order of the day here and thereabouts. There has not for many years been so much and so good sleighing in the city and it is enjoyed to the utmost stretch of lungs in shouting and hallooing and making a noise generally, which seems an essential element in the pleasures of a sleigh-ride. It is really fearful to see how the immense vehicles, loaded with from 50 to 60 persons and drawn by from 4 to 10 horses dash about the streets, bump, slide and pitch and yet with rare exceptions, break neither the vehicles themselves, nor the necks, nor limbs of the adventurous passengers. It is really a Carnival and as wildly and thoughtlessly enjoyed as those Saturnalia of Roman Catholic countries. Outside, but hardly out of sight, of this gaiety and merriment, is a far different spectacle the work too, the sad work of the freezing snow the neglected, unwarmed and rickety dwellings, where shiver and starve helpless men, women and children. This deep snow, which driven by the fierce blast, penetrates into these hovels, also covers deep the poor resource which many destitute children and even women find in prowling up in the streets and gutters, and ashheaps of the city, rags, bones, or other cast away rubbish, for which some few pence can be obtained from others who convert into some sort of product these scraps and fragments. Ture, the hand of Benevolence is not stayed, nor weak, nor wearied, but fearful suffering is endured, notwithstanding all such sources of relief, and above all things we look for warmer suns and milder airs.

I do not know whether you or your readers have felt interest enough in the controversy that has been long going on about the management of the *Smithsonian* Institute to follow up its recent manifestation in the resignation of Mr. Choate, because his Co-Regents differed from him and from what he conceived to be the meaning of the act of Congress regulating the Institute. There cannot be a plainer proposition, in my judgment, than that the bequest of *Smithson*, for the "advancement and diffusion of knowledge among men"—not in America and among Americans—but "among men"—for all mankind and for all countries—could not be adequately carried out by the creation of a great Library at Washington where it could only be made available in the use of the few, the very few "among men," who visit that city. Prof. Agassiz has written a letter on this subject, which is going the rounds of the papers and which, if the matter have interest enough for your readers, you will not fail to publish—so stating most conclusively the objections to the establishment of such a Library, and so leaving the testimony of, perhaps, the most competent judge in the U. S. to the excellence of the management heretofore of the Smithsonian Institute. I trust that Professor HENRY, who is really the organ and head of that Institution, will be encouraged to go on, as he has done heretofore, and that the purpose of the liberal legatee—an Englishman by the accident of birth, but a Cosmopolitan and essentially a MAN, in heart and aims—will not be thwarted by any petty jealousies nor petty interferences.

We are all at a loss here as to the probable issue of the Peace negotiations in Europe. The break-up of the British Cabinet by the unmanly withdrawal, under the circumstances, of Lord John Russell, does not appear likely to add any strength to the cause of peace—for it is a confession of weakness and discord in the camp of the enemy which the Imperial Russian will know how to appreciate—and as the meeting of the Commissioners at Vienna, to treat for peace, was postponed until the middle of this month, and not before that time the English army, or what is left of it will, it seems probable, have melted away before Sebastopol, without any attempt upon its walls—I cannot myself perceive any urgent motive for Nicholas to hurry Peace. Napoleon is reported to have said, "Our troops can be still—for Generals January, February and March will effectively fight our battles." This is likely to be most fatally true, as regards the unacclimated, unclothed Campaigners who contest the English force. The French, manage matters better—but the French alone must be powerless, when their English allies are put *hors de combat*. A Reserve to presage the triumph of Russia.

Relief of the Poor.

A final meeting of the several Committees, who had charge of the Festival for the relief of the Poor, was held yesterday morning, at the office of H. W. Gwinnon. The Committees organized for business by appointing G. P. HEWITT, Esq., as Chairman, and H. W. GWINNON, Secty. Upon footing up the returns from the several Collecting Committees, as well as the receipts at the Hall, Friday night, it was found that the aggregate fund, in money and in orders, amounted to between four teen and fifteen hundred dollars. After some discussion, it was decided to apportion the fund among the several Wards as follows: First Ward, $300; Second, $400; Third $450 Fourth $200, and Fifth, $200. It was also resolved that the Collecting Committee, heretofore appointed, should be the Relief Committee for their respective Wards. The Chairman and Secretary of the meeting were authorized to pay all bills incurred for the Festival, and to apportion the Fund among the several Wards. The Committee then adjourned, *sine die*.

The proceedings in another column.

Judicial Election.

The term of Judge CRAWFORD of our Supreme Court expires in June next and the election to fill the vacancy takes place on Town Meeting day, the first Tuesday in April. It is understood that Judge CRAWFORD is a candidate for re-election, and there is a growing impression that other names will be presented for the popular suffrage. We have heard Messrs. KNOWLTON and COLE in the West, and Messrs. M. M. STRONG and DAVID TAYLOR, in the Eastern portion of the State spoken of as probable candidates. But whether all, or any of these gentlemen will consent to run, we are not advised.—Judge HOWE, who had been very generally talked of as a suitable candidate for this high position, peremptorily declines. As the election is but six weeks off it is quite time that the attention of the *People* were directed to this matter.

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

MADISON, Feb. 17 '55.

A gentle reminder to members was found in the boxes this morning, representing that the Rock River Canal Co. would like to have a commission established to settle its claim upon the state.

In Senate, petitions were presented.

By Mr. Gibson, for a state road.

By Mr. Wakely, for division of Adams Co.

By Mr. Taylor, a communication from the Editor of *Neuebode*, declining to print the Reports, &c.

Mr. Dewey, a joint resolution instructing the enrolling Committee to make a verbal amendment in the M. & M. R. R. bill. Adopted.

Mr. Dunn, a joint resolution, directing the distribution of the Documentary History.

The list of bills introduced and passed is already sent.

Senate went into Committee of the Whole, and on rising, adj.

In Assembly; Petitions,—

The only one was presented by Mr. Blake, from sundry people of Mequon, who, believing that churches are civil institutions—nuisances, which ought to be abated—ask that their exemption from taxation, be repealed. The Committee on State affairs reported, two or three weeks ago, against the prayer of a batch of such petitions; and the report met with general concurrence.

Two bills only were introduced;

By Mr. Davis, concerning a dam on Baraboo river.

By Mr. Merrell, amending the charter of Menomonee and Calumet R. R. Co.

A resolution was adopted, authorizing the Clerk to draw $500 of his salary.

Among the Reports, Mr. Gary, from the Committee on Banks and Banking, reported on sundry portions of the Governor's message, and on various petitions and bills referred. The report is an able one, as far as one could judge by hearing it read amidst some confusion. It will be printed, and I will send a copy.

The Committee reported a bill providing certain amendments to the General Banking Law, which they propose to have submitted to the people at the fall election. The bill repeals the sections authorizing railroad funds as securities for issues a proposition which can have little effect, I suppose, one way or another, since those sections are so stringent that no such securities are, or are likely to be, used. It further increases the minimum capital of Banks to $50,000, authorizes the Comptroller to demand additional securities when he deems it necessary—makes bank interest agree with usual legal interest—and authorizes the Comptroller to call upon any Bank for a report on the first Monday of any month, the number of such reports being confined to four in each year, &c.

Mr. Chase, from committee on contingent expenses, reported on the expenditures of the Governor, that the items were within the discretion allowed him. Mr. H. Grant stated that he should make a minority report.

The list of bills passed has already been sent except that the names for whom the appropriations were made were not given. I supply them here:

A Kellogg $28,60; A Wheeler & Co., $1050,51; Wm Slighum $61,60; D Clark, $67,55; Wm Pyncheon, $69,50; D S Durrie $61,50. total $1337,96—all from last year.

The Joint Resolution from the Senate in relation to the Milwaukee and Mississippi Railroad bill was concurred in.

In committee of the whole, Mr. Colley in the chair, all the bills not eliciting debate were disposed of, leaving a few of an important character.

After coming out of committee, the bills were disposed of, most of them being ordered engrossed, some referred, and one—a bill authorizing Milton attorneys to practise in this state,—was decapitated.

Just before the adjournment, the Speaker presented a communication which excited much attention.

It is a memorial from Mr. J. H. Covell, of the town of Oregon, in Dane County, setting forth the following state of facts. That he some months since called at the office of the new School Land Bureau, of which W. H. Besley is the chief clerk, and enquirey as to certain lands which had been forfeited, and which he desired to purchase; he was informed that it would be necessary to look up the papers of the person who entered the land; he found that this person had left the country, and he again called at the office and made his application; that Mr. Byrne, a clerk in the office, told him that *he* had applied for the land, but he would see about the matter. After taking with the other officers, Mr. Covell was told that he could have the land. The clerks turned to the page, where no other name had been entered opposite the tract, and Mr. Covell paid the interest, and offered to pay the principal, but they declined receiving it. Some 10 days after, he called to get his certificate, but it was not ready. Again calling, he was told by Mr. Byrne that *he* had made a prior application, and Mr. Besly being applied to, assented to this, asserting Byrne's prior right. So that after this loss of time and money for a poor man, his land was wrested from him, and given to one of the clerks in the Land Bureau. The memorialist states that he has been told that by paying the clerk $500, he can have the land. He asks investigation and relief.

The memorial was referred to a select committee.

You will remember that I mentioned another case of the kind some weeks ago, where a claimant *did* pay $135,00 in order to get his land in possession. The law is very emphatic against all buying the Commissioner of school lands to purchase their lands, either in their own names, or the names of others, but it seems to be a common practice for them to allow the clerks to purchase them, which is equally contrary to the law, in spirit. Slowly, but surely, we are getting at the true condition of things.

The Cars are running on their time again.

Abstract of Monday Morning's Proceedings.

Senate not in session this morning.

In Assembly, Messrs Hull, Welch and Reed are the select committee on bill concerning taxing railroads.

Bills &c., passed:

Amending sec 7 of Home Ins Co.
Memorial for mail route.
Charter of Columbus Collegiate Institute.
" " Central Bridge Co.
Two for state roads.
Organizing town of Ashford.
Five appropriation bills.
Legalizing acts of School district in Richland.

In committee of the whole, the debates on several bills were interesting. After rising, six bills were ordered engrossed, two killed, three referred and three tabled.

Adjourned.

☞ Mr. John H. Brownson, son of Dr. Orestes A. Brownson, has taken an office in Milwaukee, for the practice of law. We wish him success and would cordially recommend him to our friends in Milwaukee.—[Boston Paper.

Mr. BROWNSON has taken up his abode in our city, and may be found, by those who desire to consult him professionally, in Ludington's block, 3d floor, in the rooms formerly occupied by Randall and Griswold, adjoining the *Sentinel* Counting Room.

The policy of our government is now arrayed decidedly against the filibusters. We apprehend that this was known in Cuba, but as the officials are rashers leather-headed clans, they is not understand the full importance of the re-call of SOULE, who is a noted filibuster.—[Wisconsin.

The Cuban officials may be excused for not understanding "the full importance of the re-call of SOULE," inasmuch as that bulls-eye pleni-potentiary *resigned*, and was not recalled. As for his "filibusterism." It was just as not three when he was first appointed as it is now.

American Transportation Company.

We copied, a few days since, from the Buffalo *Democracy*, a brief account of this Association, recently incorporated under the laws of New York. It embraces eight of the principal Lines, which have heretofore done business on the Lakes and the New York Canals; has a capital of $900,000 and owns and will employ 20 Propellers and 370 Canal Boats. A main object of the Association is to diminish expenses and thus be enabled to transport goods, merchandize and produce at cheaper rates than heretofore. We learn that it is the intention of the Directors to establish a distinct Line of Propellers, to run between Buffalo and Milwaukee, making this the *terminus* of their route. Such an arrangement will be a very great advantage to our Merchants, and Forwarders and has long been desired by them. We shall have more to say of this Transportation Company, as soon as they have completed their arrangements for the season.

OUR EXTRAORDINARY ENVOY TO SPAIN.—The Madison *Democrat*, organ of "Barstow and the Balance," has the following notice of Augustus Cesar's appointment. It is quite as eulogistic and doubtless just as sincere, as the article we copied yesterday from the *News*, a twin-exponent of "National Democracy":

The news of the appointment of Brigadier General Augustus Cesar Julius Hannibal Dodge, of Iowa, to the post of Minister to Spain is confirmed. No more appropriate appointment could be made. Mr Dodge is an accomplished Spanish, Arabic, Greek and Hebrew scholar; his talents for diplomacy are second only to those of Talleyrand; he is an orator of unsurpassed ability, has the elegance of manner, the persuasive power and the clear and complete knowledge on all subjects to make him an honorable representative of this Great Nation abroad—over the left. It is also the repatition of a flattering compliment to the North-West, and a no less striking instance than the appointment of the Hon. Philo White, of Racine, to an important post among the highest peak of the Andes, that talent is appreciated by Frank Pierce. We shall have reason to expect the speedy annexation of Cuba, Porto Rico, St. Thomas, Valencia, La Manche, Sancho Panza, Espartero, Queen Isabella, Don Carlos, "and the balance."

MEETING AT FOND DU LAC.—A Mass meeting on the subject of the recent Rescue trials in this city, was held at Fond du Lac, on Friday last. The attendance was very large; the spirit of the meeting intense, and the resolutions adopted strong and emphatic. Addresses were delivered by S. M. BOOTH and J. Mc. M. SHAFTER, the Fugitive Slave Act was repudiated, the decision of our State Supreme Court endorsed and the action of our Legislature, in electing CHARLES DURKEE to the U. S. Senate, warmly approved.

☞ The *News* continues to be exercised in mind, on the subject of AUGUSTUS CESAR'S extraordinary appointment as Minister to Spain, and the comments of the press thereupon. It rates the N. Y. *Tribune*, Chicago *Journal*, *Sentinel*, *Wisconsin*, &c., &c., roundly, for presuming to think ill, or speak lightly of this Presidential selection, and concludes by assuming the public that the appointment is a much better one than would have been made "in case such a *political ignoramus* as Gen. SCOTT had been elected President." The public, we think, will agree, without further argument, that as compared with such eminent civilians and experienced diplomatists as CESAR AUGUSTUS DODGE and the editor of the *News*, General SCOTT *is* a mad "*ignoramus*."

GENERAL INSPECTOR FOR THE LAKES.—At the Convention of Underwriters in Buffalo last week, Capt. W. P. DOBBINS was appointed General Inspector for the Western Lakes, to be located at Buffalo. The selection is a good one; Capt DOBBINS having had some 20 years practical experience of Lake Navigation.

RAILROAD EARNINGS.—The earnings of the Michigan Central Railroad for December and January compare as follows:

	December.	January.
Passengers,	$68 768 10	$55 582 30
Freight,	62,.38 93	60 275 48
Mails, &c.,	4 029 71	6,632 95
Total,	$135,326 83	$122,464 83
Previous year,	80,94 29	60 202 96
Increase,	$55 232 54	$61,966,88

MONEY FROM CANADA.—This winter more than ever before, has Chicago been benefitted by trade with Canada. This is owing to the completion of the Great Western Railroad from Detroit eastward through Canada. Numbers of Canadians have been in our city this winter, advancing large sums of money for pork, wheat, &c. The wheat thus purchased has been mostly put in store for shipment to Montreal in the spring.—Great quantities of wheat have also been purchased by those buyers at Milwaukee.—[Chicago Dem. Press.

Large amounts of Pork and Flour have also been purchased here by the Canadian buyers.—They say that Milwaukee Mess Pork is the best and commands the highest price, of any offered in the Montreal Market. Cincinnati and eastern dealers, who have noticed the quality of the Pork packed here, this winter, have expressed a like opinion of its marketable value.

WEATHER AND CROPS IN FRANCE—FIRES IN PARIS.—The Paris correspondent of the London Illustrated *News*, writing under date of Jan. 26th, says that the cold for the previous fortnight had been more severe and snow more abundant, than for any previous winter in his recollection. He adds that the winter wheat looks finely and the promise for a great yield is excellent. The vines too, have been greatly benefited by the frost. The unusual severity of the weather has made fires very frequent in Paris; no less than *twenty four* having occurred on one day in January, mostly in consequence of defective chimnies, or from over-heated stove-pipes.

☞ Mr. J. A. BREWSTER has retired from the editorial management of the Beloit *Journal*, with which paper he has been connected for nearly a year past. Mr. C. G. FOSTER will continue the publication of the *Journal*, the withdrawal of Mr. BREWSTER occasioning no change in its political course, or opinions.

Amendments to the Banking Law.

Mr Gary of Oshkosh, chairman of the committee on banks and banking, reported a bill in the Assembly, yesterday, amendatory of the banking law. The following is a synopsis of its provisions:

§ 1. Repeals sections six, seven, eight, nine, ten and eleven of the General Banking Law—all the portion relating to receiving Rail Road bonds in lieu of public stocks as a basis for banking.

§ 2. Provides that the Bank Comptroller may demand additional of new sureties to the bonds given by bank directors or stock holders, on the formation of a banking association, as provided for in section 17 of the banking law, should he deem it proper.

§ 3. Requires the Comptroller to call for additional securities, whenever any portion of them deposited with him shall be depreciated below their value, when deposited, for thirty days.

§ 4. Provides that no bank shall hereafter be incorporated with an aggregate capital stock of less than $50,000, nor withdraw securities deposited so as to leave less than that amount with the Comptroller, unless they deposite an equal amount of specie.

§ 5 and 6. Authorize the Comptroller, in addition to the semi-annual statement, to require a like statement from every bank on the 1st Monday of any other month besides those provided in the banking law. No bank, however, is required to make such report more than four times in one year—the Comptroller to provide a form for such reports.

§ 7. Provides that banks may receive the same rate of interest on loans as individuals.

The bill further provides for submitting the amendments to a vote of the people at the next general election.—[Madison Journal.

☞ No portion of this bright world was ever favored with more delightful winter weather than we are enjoying at this present time. A quiet fall of snow, on Monday and Tuesday last—cessed the depth to about one and a half ft., and now earth's bright mantle is glittering in clear sun-light, with the elements as quiet as a kitten in a warm corner.—[Badger State (Portage.)

REAL ESTATE SALE.—A valuable property on the corner of Turtle and Broad Sts., has recently changed hands. It consists of 90 ft., on Turtle St., and 165 ft., on Broad St., and has been sold by A. J. Battin, Esq., to Fisher, Keep & Co., for $9000 full paid stock in the Racine Railroad.—It is the intention of the purchasers to make extensive and valuable improvements upon this property the coming season.—[Beloit Journal.

The Testimony of the North.

One of the circumstances which give character and significance to the re-election of Mr. SEWARD as a member of the United States Senate is that in the whole course of the animated debate which preceded his election by the New York Legislature, his anti-slavery opinions were not made a ground of objection. Men of all varieties of political opinion took part in the debate—Silver-Grey Whigs, the most zealous of Mr. SEWARD's enemies, and democrats, Hard and Soft—yet no man opened his mouth to hint that on account of anything that he had done or said in regard to slavery, or on account of any views he was supposed to entertain on that subject, he could not fully represent the public opinion of the State. No man rose to call him an abolitionist. If that name, once a word of opprobrium, could have had any effect, either on the members of the legislature or on the people who are expected to read the debates, it would have been uttered again and again. So far as the slavery question is concerned, it was tacitly admitted that he had done his duty and fairly represented his constituents.

Another circumstance is worthy of notice.—Mr. SEWARD has done nothing which could look like a retreat from the position he has taken on the slavery question, has said nothing to apologize for any extreme opinion, or explain it away. We do not impute this to his political courage, as some of his friends seem disposed to do. It required no courage to keep his ground. He is a shrewd observer of the indications of public feeling and he knew very well that it was not necessary to affect any moderation, or hold out any expectation that the course on the slavery question pursued before would please the friends of that institution better than it has hitherto done. We do not undertake to say that he would have made an attempt to conciliate public opinion, even if it had been disposed to acquiesce in the repeal of the Missouri Compromise; but we affirm that it would have been the grossest blunder that a politician could have made, if he had said anything that could look like a concession to slavery, and would infallibly have lost him his election. The truth is that Mr SEWARD owes the greater part of the popularity which he now enjoys in the northern states to his course on this question.

The re-election of Mr. SEWARD is one of a series of similar expressions of the feeling of the North. Mr. DURKEE is just elected as United States Senator from Wisconsin—a most respectable selection, which could not have been made if the popular disgust at the passing of the Kansas and Nebraska act had not been intense.—Mr DURKEE is a man of decided opinions on all questions connected with slavery, no time-server, and never suspected of any disposition to give way, when the occasion required him to keep his ground. The repeal of the Missouri Compromise has moved the people of Wisconsin deeply, and brought them to look on the slavery question and the slave power in the same light in which it has been long looked by Mr. DURKEE and to show that they completely agree with him, they send him to represent them in the United States Senate.

Massachusetts, in place of Mr. EVERETT, a friend of the fugitive slave law, sends to the United States Senate General Wilson, its uncompromising enemy, who recently declared publicly his implacable, undying hatred to slavery. The exchange implies a complete revolution of opinion in Massachusetts—a revolution owning every body knows, to the repeal of the Missouri Compromise.

Iowa, misrepresented in the Senate by Cesar Augustus Dodge, who played the Cesar's role regarding the will of the people, has shown her disapprobation of his course by sending to Washington, Mr. Harlan, a decided free-soiler.

In Mr. PIERCE's own state, New Hampshire, the indications are very gloomy for those who planned and helped forward the Nebraska fraud.—When the governor of the state, a democrat, was called upon, not long since, to fill a vacancy in the United States Senate, instead of giving the commission to one who would sustain that act of the administration, he conferred it on Mr. WELLS, from whom the friends of PIERCE have vainly endeavored to extract an expression of even partial acquiescence in the measure. The appointment of Mr. WELLS was a concession to public opinion of New Hampshire. The governor might have appointed a thorough-pace Nebraska man, but the people would not have borne it.

Hitherto not a single political movement it has been made in the northern states since the passage of the Nebraska act which does not abandon its authors and friends of the fate that awaits them. There is not a single sign of the times from which they can infer that there is an hope of escaping it. Every successive election shows that the repeal of the Missouri Compromise gave lasting offence to the people of the North. There was no room concerned in it who has not lost their confidence forever. Those elections which go chronicle from day to day are no mere political executions, consigning them one after another to political death.—[New York Evening Post.

SCENE IN THE SENATE.—On the 6th inst., Mr. Taylor, of the Senate, made a report, alleging that Gov. Barstow had drawn, contrary to law $600 from the State Treasury. It seems that by an act of 1854, the office of Governor's Private Secretary was created at a salary of $1,000, and the amount forcibly got from the officer, was withheld. It was stated, however, that the Governor drew out the $600, together with his own salary, $1 250, the transaction being entered upon the ledger, "W. A. Barstow, salary, &c.

Some considerable teaching seems to have been created on the reception of this report, among various personalities indulged in. It resulted however, in ordering the report to be printed Senators Bowen, Gill, Loy and Wakely voting with the Republicans for that purpose.

Well, Messrs Bowen, Loy, and the others named, have at least led off in a sensible course. The State is sick of the braggadocio put on by some of the Democrats in Madison in the face of these charges of corruption. It is no way to meet them. Whether they are made in good faith, or for reelection-mongering purposes, is not of the question. Our friends there, should receive them in a dignified way, vote for thorough investigation and throw open the records without unnecessary noise and talk. Swaggering defiance goes but a little way toward impressing people with the morality and honesty of those who use it.—Green Bay Advocate, (dem.)

W. H. SEWARD RE-ELECTED.—SEWARD has been re-elected by the Legislature of New York, by a majority of 10 on the Assembly; and 4 in the Senate.

We congratulate the people of the Empire State, and Nation, that W. H. SEWARD is re-elected to the U. S. Senate for six years from the 4th of March next.

Mr. Seward has a reputation, world wide, as a statesman—he is not surpassed, if equaled in the country. He has reached a topmost round in the "Ladder of fame," but we suspect that the people have another place preparing for him—said place to be claimed, in the year of our Lord, one thousand eight hundred and fifty-six.—[Baraboo Republic.

THE HABEAS CORPUS CASE.—Very few subjects have ever been brought before the people of the State of Wisconsin, which have so fully aroused their feelings and enlisted their sympathies as the recent law proceedings, which have been consequent upon the rescue of Joshua Glover, at Milwaukee, last summer. The enacting of the Fugitive Slave Law, as it is termed, containing, as the whole North contend and believe, provisions repugnant to every feeling of humanity and which are a stigma upon the nation, and an especial insult to each and every free State in the Union, very naturally and properly excite their indignation.

There is no doubt but a vast majority of the people of the State are eminently well satisfied with the recent decision of their Supreme Court, setting at liberty Messrs Booth and Ricraft, thinking with the Judges of that Court, the those persons were deprived of their liberty without authority of law, and therefore, that it was the province and the duty of the Court to interpose, when called upon to act, and protect the citizens of the State from such illegal restraint.—[Jefferson Co., Jeffersonian.

ARRIVAL EXTRAORDINARY—PERSEVERANCE REWARDED.—The sloop Lady Ann, of Racine, was brought into the harbor safely yesterday by Captain Lawrence Esmon and a sailor named Horace Van Doozen. They boarded her on the other side of the lake ten days ago, since which time they have been drifting about the lake with the ice, generally out of sight of land. The Captain is half owner of the vessel. She is worth about $800, and the cargo she brings in is worth about $400. Few men, would have ventured to save a vessel in this way, at this inclement season, and the Captain and his companion are not sorry to find themselves safe in port.—[Chicago Dem. Press, Feb. 16.

SEWARD'S RE-ELECTION.—We recorded last week the fact that W. H. SEWARD had been re-elected to the U. S. Senate by the Legislature of New York; but the importance of this event seems to demand more than a passing notice. We have felt no little apprehension that the Nothings had destined him as a victim to their relentless power, and it rejoices us to know that if such has been their design, it has so signally failed. SEWARD is not only the unflinching and steadfast champion and defender of the northern sentiment of freedom, but is, take him all in all, the ablest man we have in public life. His return to the Senate is a real benediction to the whole north. Would that he could be placed in the presidential chair.—[Beloit Journal.

AFRICAN DISCIPLINE.—The extreme abolition press of the *Sentinel* stamp are denouncing the *Beloit Journal* for speaking its views independently of the Rescue trials in this city.—Wisconsin.

Mr. TOOTS is again mistaken. The *Sentinel*, so far from "denouncing," has not even referred to the views of the Beloit *Journal* in the matter of the Rescue trials.

CITY MATTERS.

City Election Notice.

The Clerk of the Common Council, under the direction of that body, has issued the usual notice that the Annual Election for City Officers will take place on Tuesday, March 6th, (*two* weeks from to-day,) and that the polls will be held at the following places.

First Ward—at Best's Lager Beer Hall on Market street.

Second Ward—at the Mansion House.

Third Ward—Bryan Coughlin's, corner of Detroit and Jefferson streets.

Fourth Ward—Engine House of No. 5.

Fifth Ward—Lake House.

The following are the officers to be elected:

A Mayor, Comptroller, Treasurer, Police Justice, Marshal and Attorney, for the city, and one Alderman for 2 years, one Alderman for 1 year, one Assessor, one Constable, and one Railroad Commissioner for each of the Wards.

Police Court—Feb. 19.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE.

The most of the forenoon was occupied in the trial of an assault and battery case, in which a man named Edward Kavanaugh was charged with beating a man named John Burke on the 14th of February. The complainant had been badly beaten, and his face much disfigured. The evidence of the complainant was contradicted in all its material parts and the finding was not guilty; the court remarking that had both the parties been under trial on a charge of a breach of the peace, he should upon the evidence before him have been found them guilty.

As soon as the defendant was discharged another warrant was served upon him for an assault and battery; charged to have been committed upon Dennis Nicols, on the 20th of August, last year. No appearance for the prosecution, so the defendant was discharged.

In the first case the question was put to one of the defendants witnesses. "Were you drunk? *Wit.*—No Sir. *Counsel.*—Had you been drinking? *Wit.*—Well, I had four or five glasses of beer taken. *Counsel*—Well you were not sober then, were you? *Wit.*—Shure I was sober I thought I was sober, and if I'd had thirty of them, taken, I'd think myself sober." After this statement made under oath, we hope nobody will think beer is *intoxicating*.

MASQUERADE BALL.—This entertainment comes off to-night, at Young's Hall. The attendance is likely to be very large, and much amusement is anticipated from the different Masques in preparation. The Music, Supper, and general arrang ments will be of the best. See advertisement in our columns.

NEW PUBLICATIONS.

MEMOIRS OF NAPOLEON.—4 vols. Redfield, 110 & 112 Nassau st. N. Y. This is a new edition, of convenient size and shape, of a well-known and popular work—the Memoirs, by Count Las Cases, of the life, exile and conversations of the most extraordinary man the world has ever seen. It is especially interesting as a minute and faithful record, by a devoted companion in exile and fellow-soldier, of the last 18 months of the great Emperor's life. Various portraits, maps and illustrations accompany and, in some instances, disfigure the text. For sale by ARCHIBALD WILSON, East Water Street.

WOLFERT'S ROOST.—This is a collection of graceful and readable stories, by WASHINGTON IRVING, published, from time to time, in various periodicals and now first gathered together and given to the reading public in book form. For sale at WILSON'S.

FIRST THOUGHTS.—A neat little volume, of 100 pages or so, intended as the first lesson in thinking. It is the production of a Literary Association in New York, and embodies and illustrates a good idea. For sale as above.

FINE WEATHER.—The past few days have been fine samples of our Wisconsin Winter weather. The sun, for several hours, before and after noon, is warm enough to melt the snow and ice quite rapidly, but as evening approaches Jack Frost takes hold again, and repairs damages, though not without considerable loss of material. The body of snow on the ground is very large, but wastes slowly, day by day, in the bright, warm sunshine. The sleighing is still good, however, in all directions, and seems likely to last till March.

THE HABEAS CORPUS CASE.—In the matter of John Hahn's application for a writ of *Habeas Corpus*; the writ had been issued by Judge JENKINS directed to deputy U. S. Marshal Charles C. Cotton and to S. S. Conover Sheriff, but no return had been made yesterday.

☞ CONTRARY TO THE GAME LAWS.—There arrived by the Saturday freight train, on the Mil. & Miss. R. R, a barrel and bag of Quails. This is contrary to the Game Laws, and should not be allowed. The recipient of this game is liable to a heavy fine, for having it in his possession. But whether liable or not, pride in keeping some game in our State, should prevent men from buying, selling, or in any way countenancing the killing of game out of season; if the game is not protected it will soon be extinct.

GOOD PRICE FOR PORK.—Mr. GALLUP, of Columbia County, brought in, Saturday, about five tons of choice, heavy hogs, which he sold yesterday to Mr. Roddis for $4 50 per hundred. This is the highest price that has been paid for Pork in our market this winter, but it was for a very superior article.

Relief of the Poor.

The Committees of the different Wards having in charge the distribution of the money and goods collected for the relief of the Poor of this city, met on Monday, 19 A. M., at the office of H. W. Gunnison, to fix upon some plan for such distribution among the different Wards. Mr. G. P. Hewitt in the chair. The Secretary made the following returns of receipts in money, orders and subscriptions payable in goods, as far as they had been made to him:

Cash,	$1056 64
Orders and subscriptions payable in goods,	309,76
Total,	$1,366,40

Full returns will probably increase the amount to over $1,400.

On motion of Mr. Page it was

Resolved, That the proceeds be apportioned to the different Wards and placed at the disposal of the Ward Committees respectively.

On motion of Gen. King, it was

Resolved, That the proceeds be distributed in the following proportions to the different Wards, viz, to the 1st Ward $300; to the 2d Ward $400; to the 3d Ward $400 to the 4th Ward $200; to the 5th Ward $200.

Resolved that the Chairman and Secretary of this meeting be authorized, after paying all necessary expenses to divide the amount raised in the proportion set forth in the preceeding resolution and pay over the same to the Chairmen of the different Ward Committees.

List of Committees, to whom application should be made for relief.

1st Ward—H L Page, S B Grant, G P Hewett, Rev. John Muelhausen, John White, Jacob Mahler, Edwin Townsend, J S Filmore, Albert Bade, George Bremer, F J Blair.

4th Ward—John Thomssen, John Mitchell, K. Semsen, Alonzo Kane, A H Johnson, Jno. B Edwards, Byron Kilbourn, E D Holton, John Plankinton, James Seville.

5th Ward—Andrew Mitchell, Geo. Dousman D C Reed, Dr. Wunderly, S H Martin, Chas Stamen, Chas. S Malms, J G Burnham, John Rosebeck, Capt. Humphrey.

G. P. HEWITT, Chairman.
H. W. GUNNISON, Secretary.

DIED,

In this city, Saturday evening, 17th inst., of Consumption Mr. ROBERT SHERWIN, aged 43 years, formerly from Chester, Vermont.

In Racine on Friday morning, the 16th inst. ARMINDA wife of B. H. Carey, Esq., aged 41 years.

COMMERCIAL.

REVIEW OF THE MARKETS,

FOR THE WEEK ENDING FEBRUARY 20th.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, February 20, 1855.

RECEIPTS BY M. & M. RAILROAD, FEB. 19TH.—3120 bus wheat, 222 do barley, 165 do rye, 704 bbls flour, 3 do pork, 19 bales rags, 95 hogs.

BY M. & W. RAILROAD.—764 bus wheat, 308 do barley, 193 bbls flour.

RECEIVED BY R. R. DUE BILLS THIS WEEK.—14,953 bus wheat, 1739 do barley, 279 do rye, 180 do oats, 1913 bbls flour, 54 do pork, 45 do highwines, 694 hogs.

The snow-storm of Sunday week materially obstructed the Rail Roads, as well as the country roads throughout the State and receipts, in consequence, for some days past, have been comparatively light. The demand, meantime, has improved and prices have somewhat advanced since our last weekly issue. Yesterday the Market was brisk and prices very firm, with an upward tendency in wheat, barley and corn. We note below the leading features of the market and prominent transactions.

The weather, thus far, has been favorable to the Winter Grain and we hear good reports from our own as well as adjoining States. In Ohio, the Farmers say that the crop sowed last fall looks well and that the prospect of a heavy crop is a fair to middling one. Like assurances are given in the Illinois and Michigan papers.

Money Matters are slowly but steadily improving. Fund with the resumption of Navigation in the Spring, the belief is general that Business will assume a very favorable aspect. Our City and State are both in excellent condition, and a large Eastern, as well as European immigration into Wisconsin is confidently looked for the coming season.

Our Lumber Dealers have made good all of the last six weeks of sleighing and it is believed that the yard from the "Wisconsin Districts" will be very largely increased, this year, over any previous season.

Flour—Not over 1000 bbls flour were manufactured at the Mills during the past week, and the amount received by Rail Road was about the same. Large sales, amounting to some 8,000 bbls, have been made, since four last at $6,50 for Superfine No. 1 and $6,75 extra. No change in retail rates.

Wheat—The market for Wheat was gradually strengthened during the week, and yesterday Club Spring sold at 1,25@1,28; and Winter at 1 31@1,33 and white do 1,35@1,40. We note sales of 10,000 bus wheat Spring at $1,28, free on board, and 2000 do at $1,27.

Barley—This grain is also improving in price. The range for the past week, has been 95@102, but the bulk of sales yesterday and Saturday, for prime lots, were at $1,00 and upwards.

Rye, continues in steady request at $1,04 cents, with light receipts.

Oats—are in good demand, mainly for retail trade, at 35@37 1-2 cents, with very little coming in.

Corn,—is nominal at 45@50 cts.

Pork—The Market has been firm, with an upward tendency through the week, receipts being short of the demand. The range for light to medium hogs has been 3,25 1-2@3,87 1-2, and for heavy and extra $3,50@4,12 1-2—Mess Pork is held at 10,50@11,00 ₩ bbl in lots, and 12 00 by the single bbl. We note sales of 500 bbls now mess at 10,10, and 400 do at 10,50 to a Buffalo dealer.

The quantity of Pork bought during the winter, in Milwaukee and Chicago, for Canadian account, is estimated as high as 30,000 bbls, including Mess Pork, Hams, Lard, &c.

The quantity packed here this season will, it is thought, exceed by from 40 to 50 ₩ cent the amount packed in any previous year.

Beef—Good fat cattle have been in demand, for a few days past, at better rates. For average Cattle 3,50@3,75 ₩ hundred has been paid, on the hoof, and 4,00@4,50 for prime and choice.

A NEW
PIANO FORTE WARE-ROOM!
Where he will keep on hand a good assortment of the celebrated
AMERICAN ACTION PIANO FORTES,
Manufactured by Greene Harz, of Boston, Mass.
The Patent American Action Piano Fortes is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the action renders it less liable to get out of order, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various Courts of Europe, and Fairs and Institutions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:
From the illustrious Pianist, L. M. GOTTSCHALK, to Mr Hews, Agent at New York
NEW YORK, Dec 5, 1853.
MR N J GORDINGS—
Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Warerooms, which afforded me much gratification, I cheerfully recommend them to the public as an invariable of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to be perfection of the scale.
Very Respectfully, L. M. GOTTSCHALK.
From the distinguished Pianist, WILLIAM MASON
MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.
WILLIAM MASON.
Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.
Old Pianos taken in exchange, and liberal prices allowed.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by Chickering Haws, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the Illustrious Pianist, L. M. GOTTSCHALK, to Mr Haws, Agent at New York

NEW YORK, Dec 5, 1853.

MR N J CURTISS:—

Dear Sir: Having had the pleasure of performing upon One Hundred Chickering and Haines, at the World's Fair in this city the present year, and other of his Pianos at your Warerooms, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the Action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Pure-hearted lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.
